

Denise Parnell, Ed.D.
Interim
Principal

2021-2022 School Year

Dear Parents,

As the principal of the school, one of my responsibilities is facilitating the development of classes for each new year. Several factors are considered when placing students that include balancing classes based on boy/girl ratio, academic and behavior considerations of students, ethnicity, and input from teachers. I work closely with the teachers in putting classes together to ensure these considerations are taken into account. As a result, we do not take personal requests for teachers. However, we do value your input.

Below is a form that will allow you to provide your input during the process of putting classes together. We want this form to be helpful, positive and useful for both parents and school staff. With this in mind, we ask that you do not list any specific teacher's name on the form.

Please note that this form is the only parent form that will be used during the class assignment process. Any forms listing a specific teacher's name will be considered invalid and will not be used. To be considered, the forms must be received by the school office no later than April 30, 2021.

Thank you for taking the time to complete this information.

Sincerely,

*Denise Parnell, Ed.D.
Interim Principal*
