STEM LEGO ROBOTICS CAMP

Monday-Friday, July 23rd-27th

AM & PM Sessions

Location: Lincoln High School - Room 11

**New Dates
Added!!!**

The WPUSD STEM LEGO robotics summer camps give elementary level students, *incoming 4th-incoming 6th grade students*, a meaningful, hands-on introduction to the fundamentals of technology and design-thinking methodology. Students will build and program robots using the new LEGO® Mindstorms EV3 system! Learn about mechanical and software design, loops, conditional statements, problem solving, and teamwork skills. Work in small groups, program and build your robot, and rise to the challenge. Control the robot to avoid obstacles, pick up and carry objects, and play sounds. All supplies will be provided. *All skill levels are welcome. Each session open to a maximum of 32 students; if there's a demand, we will consider adding another week.*

COST: \$25 for WPUSD elementary students only!!!
