

12-2 Volume

Volume = base x height
base area = length x width

1. $3 \times 3 \times 3 = 27 \text{ units}^3$

2. $9 \times 4 \times 6 = 216 \text{ yd}^3$

3. $26 \times 4 = 104 \text{ m}^3$

5. $6 \text{ in} \times 2 \text{ in} \times 10 \text{ in}$

$V = 120 \text{ in}^3$
